Recharging the planet. Recycling your batteries.™

***Extended Producer Responsibility Webinar:
Exploring Stewardship Solutions for Household Batteries***

MONDAY, DECEMBER 12, 2011 10:00am to 12:00pm PST

Hosted by: The California Product Stewardship Council (CPSC) through sponsorship from Call2Recycle and the webinar hosting by the Mobius Network.

Household Battery Webinar:

Explore sustainable solutions to the challenges of managing household batteries using a product stewardship model. The webinar will provide information on the current legislation and program for household batteries in California, findings from pilot projects to collect all household batteries in Del Norte County and in the San Gabriel Valley in Los Angeles, and a discussion of a range of possible solutions, and opportunities in such areas as public policy, technology, and partnerships.

AGENDA
