## **Sharps Containers Are Now Covered By the Alliance**

Starting May 1, 2011, the Alliance will pay for Sharps containers. Sharp items, such as used insulin needles or lancets, should be put in a Sharps container.

Do not put used needles or other sharp objects in the garbage or in cans, bottles, or plastic. It is important for your safety and the safety of others. Needles that poke through garbage bags or other items can injure people or cause them to become ill.

Your doctor can prescribe a Sharps container. You can pick it up at the Pharmacy. Your doctor or pharmacy will send a request to the Alliance that tells us why you need the Sharps container.

Below is a list of places in your county that will take filled Sharps containers. After the container is full, you should take it to one of these places.

## **Ahora la Alianza Cubre Envases para Agujas**

A partir del 1ro de mayo, 2011, la Alianza pagará por envases para agujas. Objetos punzo-cortantes, tales como agujas para insulina o lancetas usadas, deberán de ser colocados en envases para agujas.

No ponga agujas usadas u otros objetos punzo-cortantes en la basura, latas, botellas o plástico. Es importante para su seguridad y la de otros. Las agujas u otros artículos que atraviesan las bolsas de basura pueden herir o hacer que otros se enfermen.

Su doctor le puede recetar envases para agujas. Usted los puede obtener en la farmacia. Su doctor o farmacia mandarán una petición a la Alianza para indicar porque usted necesita los envases para agujas.

Abajo hay una lista de lugares en su condado que reciben envases para agujas llenos. Después de llenar el envase, usted deberá llevarlo a alguno de esos lugares.
