SUNNYVALE-BASED SAVORY AND SWEET CATERING RECEIVES STATEWIDE RECOGNITION FOR ACHIEVEMENTS IN PRODUCT STEWARDSHIP

FOR IMMEDIATE RELEASE

Sacramento, CA – August 8, 2011. Sunnyvale-based Savory and Sweet Catering was one of four California companies honored by the California Product Stewardship Council (CPSC) during the organization's Arrow Awards ceremony held in San Diego at the California Resource Recovery Associations 35th annual conference. The Arrow Awards were created by CPSC with a grant from the Department of Resources Recycling and Recovery (CalRecycle) given to the Del Norte Solid Waste Management Authority.

Savory and Sweet Catering was awarded the Green Arrow for System Design and Innovation for integrating green thinking into their entire business model. Their goal of having minimal impact through conservation of resources, energy efficiency and a healthful environment has been met by recycling all products they use. They were the first U.S. business to purchase a Korean composting tub that turns food scraps into a soil amendment every 24 hours. Over the past 10 years, their goal of having 95 percent of any catering event be edible, re-usable, compostable or recyclable has provided a blueprint for other food services and catering businesses around the state. For more information, visit www.savoryandsweet.com.

Opportunity Green, Agricultural Container Recycling Council and the US Air Conditioning Distributors also received statewide recognition for overall excellence in product stewardship, coalition building and product take-back.

"We are so pleased to spotlight the contributions of these businesses and organizations that are truly product-stewardship stars in California," said Heidi Sanborn, Executive Director of the CPSC.

Honorees were escorted down a recycled red carpet, donated by Bentley Prince Street, a California carpet manufacturer.

For a complete list of honorees, please go to www.calpsc.org/awards/2011-winners.html.

CPSC educates both the public and private sectors about product stewardship and closely partners with businesses, jurisdictions, waste and recycling companies, manufacturers and others to promote and encourage sustainable practices. Through its annual Arrow Awards, the nonprofit recognizes companies that are taking a leadership role in waste reduction.
