Thank You for Recycling Your Household Batteries!

Household batteries were banned from disposal in the trash in 2006 because they can contain heavy metals and are corrosive. To ensure that valuable metals from mining are recycled and to ensure protection of public health and safety, it is important to recycle household batteries, both rechargeable and alkaline.

The businesses listed here are committed to helping San Gabriel Valley residents recycle household batteries:

- Alhambra**
 1. Alhambra Camera, 121 East Main St.
 2. Alhambra Car Wash, 707 West Main St.
 3. Dat Chong Jewelry Co., 1231 E. Valley Blvd.

and their families, communities and nation inside a box similar to one that would be passed down in a family through the generations. You can follow Pirzada on her journey on her website, www.hope101.blogspot.com. She chose Twoheys because it is, like her journey, a symbol of unity and permanence. If you have questions for her, email her at dianepirzada@aol.com. Pirzada is hoping to collect all the stories off the veterans.

Diane and daughter Paris.

Vener

From page S-1

with an eclectic blend of strings, flutes and electronic music. Vener told the Tribune that Beethoven's final string quartet was more than 100 years ahead of its time, with the addition of high wind aspects and low brass elements to music that transcended classical melody and harmony. Vener did not say where he would be conducting next summer, but did say it would be somewhere close by in the Southern California region. His favorite part of conducting is "bringing joy to thousands of people, from old men to ladies, to children," he said. "I say 'Wow!' I got to create this, to work with the principal players of the world's greatest orchestras. It's wonderful playing for the most excited, appreciative audience any orchestra has ever had." Standing ovations are not uncommon at Cal Phil events.
