

Sponsor Our Textile Recycling Workshop in Santa Barbara County

The California Product Stewardship Council, funded by the CalRecycle RMDZ program, is hosting a stakeholder workshop in Santa Barbara County in April 2024. The workshop aims to expand responsible textile recovery in Santa Barbara by exploring partnerships, feedstocks, and local service opportunities for textile reuse, repair, and recycling. Invitees will be educated about the RMDZ loan and other opportunities available in the State to incentivize textile recovery.

Attendance and exhibitor tables are free.

Open to the public!
