

California AB 863 Signed into Law

Sacramento, CA, September 30, 2024-California bill AB 863 was signed into law by Governor Gavin Newsom.

The Carpet & Rug Institute (CRI) opposes the legislation, which replaces the existing California Carpet Stewardship Program with an industry-funded program covering carpet and carpet cushion.

Resilient and turf, which were in the original bill, are not included in the final.

Listent to the podcast with David Bender for more details, [here](#).
